

LD 8112

LIGHTING THAT SHOWCASES FURNITURE AND FURNISHINGS

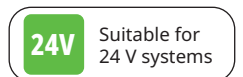

The LD 8112 provides high-quality, even lighting for shelves, furniture, and display areas. Thanks to its adjustable length and range of light colors, it can be perfectly adapted to a variety of interior design concepts. Whether in residential spaces, retail environments, or high-end furniture collections, this slim luminaire integrates discreetly into the furniture and creates a pleasant lighting atmosphere. Its shallow installation depth opens up new design possibilities. High-quality materials, dimmable LED technology, and natural color rendering ensure a reliable and long-lasting lighting solution.

PRODUCT FEATURES

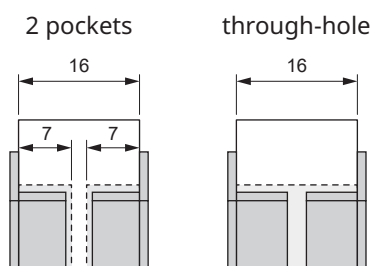

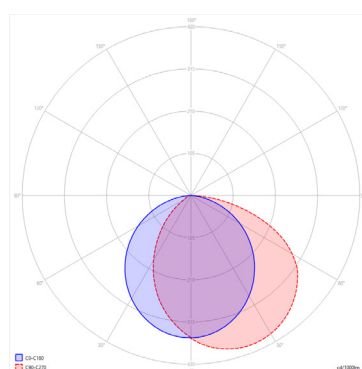

Operating voltage	24 V
Housing	Aluminum
Diffuser	See chart
Power	See chart
LED type	See chart
Light colour	SMD
Lichtfarben	See chart
CRI	>90
Dimmable	Yes, driver-dependent
Connection cable	Config-dependent
Connection system	Config-dependent
Mounting	Milling-in
Protection	IP 20
Protection class	III

Note:

Thanks to the shallow installation depth of just 7 mm (including mounting clips), lights can be installed opposite each other in a 16 mm side panel. This can be achieved either by milling pockets on both sides or by creating a continuous milled groove.
