

## LD 8228

### TIMELESS DESIGN. LIGHT YOU CAN FEEL.

The LD 8228 ring light combines modern, minimalist design with functional lighting technology. Its even light creates structure, calm and a sense of direction. It enhances both everyday moments and special occasions, blending effortlessly into any setting. A light that does not dominate, but creates atmosphere – clear, high-quality and timelessly modern.

Also available in an industrial version for installation in furniture.
